ABOUT UI

Universitas Indonesia (UI) is a modern, comprehensive, open-minded, multi-cultural university that covers wide arrays of scientific disciplines. UI was founded in 1849 and now ranked as the #1 university in Indonesia, #57 in Asia, and #292 in the world (Q.S. University Ranking 2019). UI is distinctive among research universities in its commitment to the academic invention and research activities through various scientific programs. UI is committed to produce high quality education system, global standard research activities, and maintain high standard of international academic publications.

PROGRAM OVERVIEW

Universitas Indonesia Credit Earning Program for Students (UI-CREATES) is a two or three weeks shortcourse program in which students can earn 3 credits (for two-week program) and 6 credits (for three-week program) after the completion. UI-CREATES consisted of three sub-programs:

Pre-Program

Students are required to submit an essay regarding their perception about Indonesia and Universitas Indonesia.

Main Program

Other than taking the offered courses, students will also learn about Indonesian Language & Culture, have some cultural visits, and study visits program at Indonesian Government offices and Private Institutions or Companies related to the courses they are taking. Students also will present the result of their study in front of the class.

Post-Program

Students are required to submit papers about their opinion and the benefits of participating UI-CREATES program.
